

Media Overview

When Ignorance Governs | Stephen M. Fry

The book

When Ignorance Governs: Trump's Return and Democracy Under Siege, by Stephen M. Fry, Ph.D. Published September 1, 2026 by SBDI Publishing. Available on Amazon: <https://www.amazon.com/dp/0985828684>

Overview

Trump's campaign built a false reality sustained by demands for loyalty and promises of revenge. This book examines what happened when that false reality entered government - shaping immigration enforcement, foreign policy, the Justice Department, the courts, Congress, the civil service, and the rules of American democracy.

Conversation topics

The passage from campaign narratives to governing decisions; institutional checks and their limits; misinformation and public trust; the stakes of the 2026 midterm elections.

About the author

Stephen M. Fry, Ph.D., is an author, physicist, and former medical technology executive. His related books are Weaponization of Ignorance and The Integrity Gap.
